

Dear All,

We had a terrific ride this morning and I added an element of interest for the two of us...we had to ride into every acreage community with a paved road from 199 Street to the Devon Highway. I have wanted to do this for a long time but, normally when we ride, we focus on getting the job done.

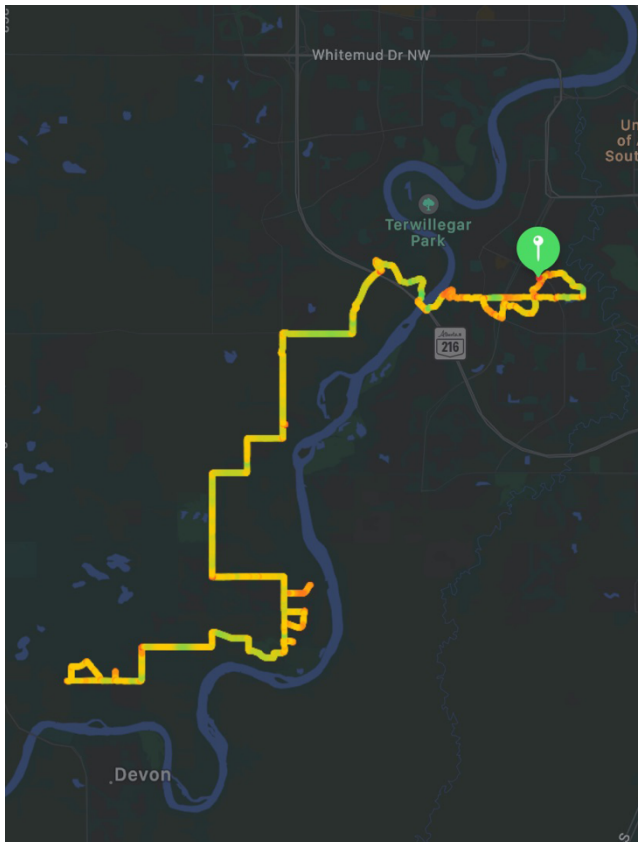

Wayne rode for Declan and I rode for Mackenzie.

I met both of these sweet kids when I first started to ride for KWCS. Declan is 12 and continues his battle with Astrocytoma, spinal cord cancer.

Some of you may remember that I wrote about meeting Mackenzie in 2016 (13 years of age at the time) and the profound effect that she had on me when she explained her journey with AML, Acute Myeloid Leukemia, to a room full of adults in Jasper. Always in my heart, Mackenzie.

There are lovely acreages to see and other people's lifestyles to appreciate on the route, i.e., Blue Meadows (an absolute favorite), White Tail Acres, the Estates at Blackhawk, Willowridge Estates, River View Acres, and Silver Bell Heights, to name a few. Take a drive and see all that country living has to offer...I sound like I sell real estate but what I'm really trying to say is that beyond the city, there's the outstanding countryside.

Diane
