Who We Are

The Kids with Cancer Society has been serving children diagnosed with cancer and their families for 43 years. Providing vital services and programs to families from Northern Alberta and the Northwest Territories, the Kids with Cancer Society offers education and financial support, counselling, clinical programs and research funding.

WE ARE AT A CRITICAL TIME. The number of childhood cancer diagnoses is on the rise and we are seeing more rare cancer diagnoses. We have more families coming to us than ever for support and services.

Be a part of the community of support and let these kids and families know that even in their darkest moments—they are not alone.

Why We Exist

Childhood cancer is the **number one killer** disease in children.

Three in 10 children **will lose their battle** with cancer.

KWCS has **over 50 programs** designed for families as they go through their cancer journey.

KWCS programs and services were accessed **8,750 times** by families in 2021.

All programs are provided at **no cost** to families.
