

JUNE 24, 2021

Good evening!

Before the heat hits tomorrow, Debbie & I had a ride from Devon this morning. I think that the most challenging part of the day was getting to Devon, our city and countryside are totally under construction!

Monarch butterflies, hawks, bison, cows, and horses by the dozens make for a terrific ride in the countryside.

From Devon, following Halicz-Gildenhurst Road west, there's one witchy hill on Township Road 504 that gets my attention every single time - you dive deep into the valley, crossing Conjuring Creek, and then grind all the way up to the top, eventually turning south onto Range Road 272. Various range roads and township roads led us to Highway 39 West and it was thick with cars, trucks, and farm equipment but thankfully we soon turned onto Township Road 406; then peace and quiet return. This is an out and back, flat, picturesque route = 80.04 km. Map attached.

I'm riding with the Pigeon Lake Tri Club on Saturday and it's going to be a corker in the extreme heat that's coming our way. I'll report back.

16 rides, 1,063 km. in the book.

Be safe!

Diane
